Bugfix

Description

Identify and block spammers, search for unknown numbers, call friends and much more! With a community-based spam list from over 250 million users, Truecaller is the only phone app you'll ever need.

AVOID ANNOYING SPAM CALLS

- Automatically identify spam and fraud calls before you pick up

- Filter junk SMS automatically
- Block unwanted callers

(Enable Spam Identification and Blocking on iOS 10 by going to Settings-> Phone-> Call Blocking & Identification)

* Various bugs fixes

* Now you can purchase Truecaller Professional by subscribing just once. No need to purchase manually every month

* Various bugs fixes

Bugfix

Identify spammers and search for unknown numbers.

I got this app, TrueCaller, and its only works part of the time. Understanding there are constantly new numbers added to the spam list, I expect to update the app database daily. Not that big of a deal. The problem is, it clearly
